“ We met Al through his love of old cars. Fell in love with both he and Jeanette. Was heart broken to hear the news. We have some wonderful memories though. Much love and hugs to Jeanette and Kay and husband. Harold and Trinket

“ Like a father to me. I was best friends with his son and worked at his business for more than 20 years. I loved him very much and am much shaken to discover his passing. My wife saw him just a year and a half ago and he looked great-- we are stunned and deeply saddened by what is our loss too-- WE LOVE YOU AL we can be reliably reached at our email sapphiresdarkhorse@gmail.com and will come to Jeanette as soon as we can get her current number-- we have been trying to urgently contact her we are very shaken

“ When he used to introduce me to people he would say "he named his son after my son" and i would say "noooo i named my son after MY best friend" and then they would compromise and say that i named my son after his son WHOM was my best friend. Rest in Peace R.A. ELY and A.R. ELY we are deeply deeply saddened this is very difficult to cope with--- if it were nto for him, my parents would have lost their home years ago..... more memories to come- - right now we have only learned of his passing a few moments ago and are in deep grief ---please have Jeanette come to my mothers house and leave some contact information with Kevin or anyone who is there--omg

“ I will miss Al, My nightly walks by His house with Him yelling," wheres your flashlight and white coat"?, so I could be easily seen by drivers He finally got me a little flashlight, I now use one every dark evening and wear my white coat, we had such nice talks about what eternity could be like.. I will miss seeing Him but believe will see Him on the other side..... see you soon Al!!! Hey you playing golf on the biggest green ever:)
