“ Gramps, He was the only Grandfather I have ever known, Grandpa has been there since i was just a baby, I honestly don't remember much from when i was a child, but as i grew up gramps and i developed a relationship that i loved, I was always so happy to see him, happy to chat with him, we even worked together for quite some time and it was a joy getting to hang out with my Grandpa like that, He will forever be in my heart and in my thoughts as one of the few people i whole heartedly loved. I love you Gramps...
