“Alicia, Your mother was a very cool lady and I will miss her. I know that she is now with Michele and your brother and looking after them, and it is comforting to know there are so many beautiful angels looking over us. You have had a lot of sadness in your life and I am so sorry I haven't been there for you like I wanted to be. Yes you were a brat in your younger years but weren't we all? She loved you very much, I saw this when I visited with you and her whenever I was in town. When I think of your mom I think of the three of us dancing the night away on many occasions, that woman loved to dance. I learned a lot from her and always respected her, even when we thought we knew everything, boy were we wrong. You have grown into a beautiful person and I am lucky to have you as my friend. She will be missed by all. LOVE CAROLYN

“ Although I have never had the personal pleasure of meeting either Lois or Alicia in person I consider them my friends. I am glad that peace can be found in the most profound ways and that both of you have a little of that. Lois finally at rest with her family and Alicia with knowing that her daughter now has warm arms with her. Let your friends here and there give you hope and faith of brighter days. Let you embrace the warmth of all those that love you both.

“ I loved my mom dearly & will miss her more than she would realize. Our relationship was great in our later years; in my younger years I was a brat, but I grew up, eventually. Good bye mom, I'm glad you are finally with Michael, Michele, Uncle Bob, and Robert. I love you Alicia
