“ *Although I did not know Odd as well as some it was easy to recognise a man of character when you met him. His kind ways made it easy for those around him. I had the opportunity to meet Odd's son Troy in the last few months and it has been a pleasure. May your last sunset make for a sailors delight.*

“ I considered Odd my closest friend. I was his Mate for many years. Not a day went by that I didn't learn something from him. A true gentleman and the finest Merchant Seaman I have ever known. I will miss the man, the friend, and the Captain who made our lives a little more enjoyable. There aren't words enough to express my respect. Smooth Sailing Old Friend!
