“ To Seth's family and friends I want to express my sympathies. We worked together at Kentwood and in the short time that I got to know Seth he was caring and one of the best influences on our classroom and the children. He was a great man, with a sense of humor who fit in perfectly, as if he had been with us all year. He left an impact on all of us in his short time at Kentwood, and was the type of person who touched the lives of everyone he encountered in his life. Andrew Stephenson

“ To Seth's family, We never met. I had worked since Sept. with the student that Seth just started to work with at Kentwood. I feel like I did know him. In his short time with the group he left a positive mark on all of their lives. Today I heard someone say we will never find another Seth. He was perfect. I am sure you all feel the same. “ Working with Seth for even a short amount of time was a blessing. He will be missed and remembered. He was able to make a difference with some of the most challenging students in our program. Though they arent really able to communicate it I know the kids he worked with miss him greatly. My thoughts and prayers are with Seths family, friends, and all the young people he helped and inspired. Regards, - Mick McGraw

“ I wish to share my Condolences to the family and friends of Seth. I worked side by side and was training Seth for his new job at Kentwood High School. It was a privilege to have known Seth in the short time he was with us. I was impressed with his service as a swim coach and para and was looking forward to getting to know him more. My heart goes out to his family during this time. You were blessed with a wonderful son.

“ Seth Dawson was a wonderful man, a caring coach, and such a thoughtful person. He touched so many lives in the short time he was in the Kent/Federal Way area. He provided so much inspiration to the kids he coached. He knew how to reach them and get them to understand that they can accomplish anything they want if they persevere. Seth coached both of my kids for Kentlake High School and also for Kent Swim and Tennis Club. I could see a difference in their attitudes about swimming when Seth started coaching them. I worked closely with Seth as a parent of swimmers and I was amazed at how he could gain respect of those kids by giving them respect as well. Although Seth was only in our area for two short years, I thank God that HE blessed us with him and I know the lessons we have learned from him will stay with us all the rest of our lives. We miss him dearly.
